CB's Nuts peanut butter

Made from just organic peanuts and sea salt, CB's is the nut butter for peanut nuts! Their signature Creamunchy blend strikes the perfect balance, saving you from the agonizing question of "creamy or crunchy?" The only choice you need to make is whether to buy the classic sea salt or toasty dark roasted flavor.

Heavenly Hunks - new birthday cake flavor

You don't need to wait for someone's birthday to indulge in a little treat with the new flavor from this local maker. Founder Casey sold the first batches of his cookie hunks sealed in cling wrap back in 2013. Now these vegan, gluten-free bites are a co-op staple. To give back to the community, Heavenly Hunks partnered with Little Wishes in 2022 to bring their mission to Children's Minnesota Hospital.

Honey Mama's - new flavors

The new salted almond and peanut butter cup flavors of Honey Mama's cocoa truffle bars will have you looking for any excuse to eat dessert. Honey Mama's skips the preservatives, emulsifiers, and stabilizers. That's why they have such a delectably soft, fudge-like texture. It's also why you'll find these raw food treats in the refrigerated section.

Sweet Loren's - new flavors

It can be hard to find treats that everyone can enjoy, which is why we love Sweet Loren's cookie dough! They're 100% vegan and gluten-free – perfect when baking for a crowd. They're even precut, so getting a batch on the cookie sheet and into the oven couldn't be easier. Look for the new salted caramel chocolate, chocolate chunk, and fudge brownie flavors in the refrigerated section.

Yogourmet yogurt starter

Making your own yogurt at home is like a lesson in biology. If you're curious to try it out yourself, you'll need bacteria culture starter, milk, and a yogurt maker. Each box of Yogourmet contains 6 packets, enough to make 6 quarts of yogurt. Once it's done, add your favorite fresh fruit, compote, honey, or maple syrup to create your own gut-friendly breakfast from scratch.

Root and Splendor laundry liquid

Another woman-owned company, Root and Splendor prides themselves on being better for you and better for the planet. That means non-toxic and plant-based ingredients that are gentle and won't harm the environment. The bag-in-box and bag-in-bottle designs help dramatically extend the recyclability of the packaging vs traditional, rigid plastic jugs.
